# Parts Reference Catalog Guide

Please specify product option numbers or part numbers when ordering.

## PURPOSE

This catalog is intended to assist you in identifying and ordering replacement parts.

## CATALOG FORMAT

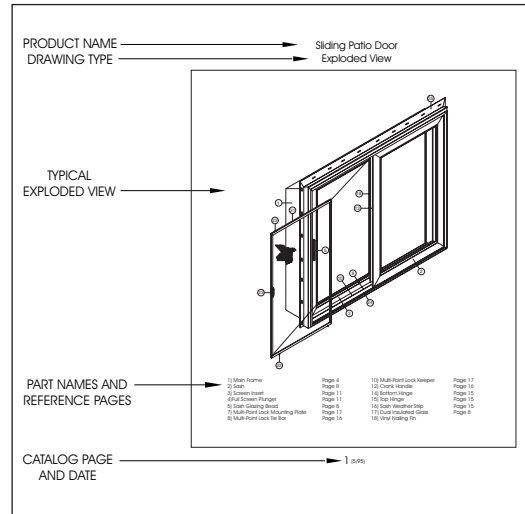

### 1) Exploded View Pages (Pages 2 & 3)

Shows part locations on a complete unit.

Each part name is shown at the bottom of the page with a reference page number to turn to for specific information on that part.

### 2) "Measuring Your Unit" Page (Page 5)

After the exploded view pages is an informational page explaining how to measure your unit to order correct replacement part sizes.

### 3) Detailed Parts Information Pages (Pages 11-28)

Pages are organized under four general categories: Horizontal, Vertical, Sash-Glass-Screens, and Miscellaneous Parts Pages.

Drawings of the parts and their descriptions are shown at the left of the page as they will show up on your order acknowledgement.

Product options and part numbers are shown at the right for you to specify when ordering.

At the end of some part descriptions are brackets with "S" or "E" followed by dates. This indicates when parts were started or ended in production.
