

WEATHER SHIELD®

WINDOWS & DOORS

Manufacturer's Certification Statement

Pertaining to the Consolidated Appropriations Act of 2016

This Manufacturer's Certification Statement provides verification that certain window and door products manufactured by Weather Shield Windows and Doors® may be eligible for use in obtaining tax credits as identified in the Consolidated Appropriations Act of 2016, which was amended to extend tax credits for energy efficient fenestration products through December 31, 2016.

Homeowners must purchase and install certified ENERGY STAR® window and door products that qualify for the climate zone in which the product is installed in order to be claimed for tax credit purposes. For a list of eligible products and qualifying criteria by climate zone visit 'energystar.gov'.

This Certification Statement, a receipt of purchase and documentation of the NFRC certified performance ratings for the purchased product is required to demonstrate eligibility for the tax credit. Examples of qualifying NFRC certification documents include an actual temporary NFRC label(s); a PDF version of the temporary NFRC label(s); or a copy of the Thermal Performance Data as certified by NFRC including the U-Factor and SHGC ratings.

This document is not an assurance that products installed by a homeowner qualify for the 2016 tax credit.

Weather Shield Windows & Doors expressly disclaims any responsibility or liability regarding the homeowner's ability to obtain tax credits. Consult with a tax advisor for a complete description of Tax Credit requirements.

Weather Shield Windows & Doors makes every effort to provide timely and accurate information via our website, but expressly disclaims liability for any typographical or other errors appearing on its website.

Under penalties of perjury, I declare that I have examined this certification statement, and to the best of my knowledge and belief, the facts are true, correct and complete.
